The Educational Opportunity Program (EOP) is designed to improve access and retention of historically low-income and educationally disadvantaged students. EOP students have the potential and demonstrated motivation to perform satisfactorily at a CSU, but they have not been able to realize their fullest potential because of their economic or educational background. The program provides admission and academic assistance to EOP-eligible undergraduate students. In many cases, the program offers financial assistance to eligible students. Campuses tailor their programs to accommodate the needs of their student population. To learn more about EOP click [here](#).

To determine if the CSU that you are interested in applying to is accepting EOP applications, please review <http://www.calstate.edu/attend/student-services/eop/eop-campus-status>
